Notice

Please unlock the button before use.

EQ is not obvious when playing WMA format music.

Can't identify the sixth and above sixth level of directory.

Do not leave the player in a place subject to moisture with temperature higher than 35℃ or lower than –5℃

Do not use the earphones while driving an automobile or riding a bicycle, it's not only dangerous but also against the law.

It may cause an accident if you turn up the volume of the earphones while walking down the street, especially crossing at intersections.

Do not turn up the volume too high, doctors warn against prolonged exposure to high volume.

Stop using the device or turn the volume down if you have ringing in your ears.

Our packages use cardboard, polyethylene, and do not use any unnecessary materials

As U-disk, the disk will be write-protected if you switch the hold to lock the buttons.

The user manual only for reference. It is standard by the sample.

if the file is WMA format that do not support "Play rate" mode.
